FREE 5.11® KNIFE

With \$75 purchase and while supplies last.

Your One-Stop Shop for Custom Embellishments!

YOUR ONE-STOP CUSTOM SHOP!

Dear Valued Customer,

Since launching the station wear product line last fall, the 5.11® team has been fortunate to meet with many firefighters and EMTs nationwide. The feedback has been great! From our best-selling polo's to great fitting boots, 5.11 offers you a true one-stop shop. Providing embellishments that include embroidery, screen-printing and heat press directly from the manufacturer, 5.11 and its dealers are now able to offer everything you need at the station.

I am excited to introduce the 5.11 Responder Parka and Responder Hi-Vis Parka (ANSI CLASS 2). Both parkas utilize our 3-in-1 system featuring a DuPont™ active layer membrane that is waterproof, breathable, and resistant to blood-borne pathogens. Responder Parkas are filled with functionality that is end-user driven and include abrasion resistant shoulder panels and our patented chest pocket with a mesh harness for your radio. Responder Parka's come in women's and men's fit, providing a great look for all.

5.11 is thrilled to offer you the best quality and best value job shirt on the market. Our canvas, ¼ zip and denim job shirts do not shrink, wrinkle, or fade! Other features include microphone shoulder tabs, pen pockets on the sleeve, and breakthrough pockets for your cell phone or radio. It is the perfect job shirt for on- and off-duty wear.

Many of you have made the 5.11 EMS Pant a top seller for us. Now available in black and dark navy, the pants are loaded with pockets for everything from a notepad to multiple sheers. The 5.11 EMS Pants set the standard for durability, comfort, and utility.

As always, I want to personally thank you for your loyalty to the authentic 5.11 Tactical® brand. With your help through our Product Development Meetings, ours was the first station wear line ever created exclusively by and for fire and EMS personnel. At 5.11 Tactical, we remain committed to create products that exceed your needs for functional innovation while delivering an exceptional value.

Be authentic with 5.11,

Dan Costa
CEO, 5.11 Tactical

* An independent testing agency has certified that these Responder Parka styles are compliant with ASTM F 1671, Standard Test Method for Resistance of Materials Used in Protective Clothing to Penetration by Blood-Borne Pathogens. It is important to note, however, that, even though a garment may satisfy the standards of ASTM F 1671, it might not provide an adequate barrier to blood-borne pathogens in all conditions and our Responder Parkas will not protect the wearer from all blood-borne pathogens and viruses under all conditions. All end users will need to assess the specific hazards in their workplace in order to determine the appropriate types and levels of personal protective clothing and equipment that they might need.

Fire Red 474, also available in Black 019, Tac OD 188 (56005)

The 5.11 Light For Life™

The extraordinary Light For Life from 5.11 Tactical® is unlike any flashlight you've ever seen or used. It could be the last one you'll ever need. It uses no batteries and charges in just 90 seconds.

Ready in a flash

This revolutionary flashlight is powered by FlashPoint® Power Technology, a sophisticated energy management system that merges state-of-the-art power storage with advanced solid-state programming to efficiently load, unload and manage energy. No chemical reaction occurs, even in severe conditions. Since there are no batteries or bulbs to replace (or add to landfills), this flashlight is both economical and environmentally friendly.

A lifetime of light!

Both of the 5.11 Light For Life™ lights are rated for 50,000 charge cycles (that equals one charge a day for 135 years). Because we use advanced capacitors instead of batteries to store energy, our lights don't have memory degradation issues like battery driven lights.

RoHS Compliant

The 5.11 Light For Life™ is RoHS compliant and engineered to offer at least 10 years of maintenance-free service under typical conditions. It's also backed by a limited lifetime warranty covering normal use.

PC3.300 Highlights:

Charges In About 90 Seconds
3 Power Modes Plus Standby
200 Lumens Peak Output
70 Lumens Standart Output

UC3.400

POPSCI

PICK OF THE MONTH

JULY 2009

The Light For Life™ UC3.400 was named Popular Science Magazine's Pick Of The Month for July 2009.

Patent-pending 360° charging interface allows free rotation in charger.

UC3.400 Includes 12V DC automotive charger, mounting bracket and belt ring. Light measures 11.5" long and weighs about one pound - much less than comparable duty lights.

UC3.400 - Full-Sized Duty Light

At about 16 oz. – roughly half the weight of other full-size duty flashlights – the solid-state, 11.5" 5.11 Light For Life UC3.400 is ruggedly built, buoyant and water-resistant. Its high-strength polymer casing is abrasion, crack and bend-resistant.

The 5.11 Light For Life UC3.400 offers three power modes: bright (270 peak lumens), standard (90 lumens) and tactical strobe. The 50,000-hour LEDs never have to be replaced. The UC3.400 offers up to 23.5 hours of total runtime in a 24-hour period, for an unprecedented 98% uptime.

Includes a patent-pending 360° free-rotation 12V DC charging base for the car, a mounting plate and a belt ring. Optional accessories are also available.

- 53000 UC3.400 Flashlight** \$169.99
- 53103 Flare Cone & Filter Set \$14.99
- 53109 Extra Belt Ring \$9.99

- 53100 US AC Adapter \$39.99

PC3.300

Patent-pending MagnetoAlign™ snaps light into place to ensure positive alignment.

PC3.300 Includes 12V DC automotive charger, mounting bracket and belt ring. Light measures 8.75" long and weighs a little more than a half-pound.

PC3.300 - Mid-Size Duty/Utility Light

At about 10 oz. – the solid-state, 8.75" 5.11 Light For Life PC3.300 is ruggedly built, buoyant and water-resistant. Its high-strength polymer casing is abrasion, crack and bend-resistant.

The 5.11 Light For Life PC3.300 offers three power modes: bright (200 peak lumens), standard (70 lumens) and tactical strobe. The 50,000-hour LEDs never have to be replaced. Tailcap and top buttons perform the same functionality to reinforce muscle memory.

Includes a patent-pending Auto-Align 12V DC charging base for the car. Optional accessories are also available.

- 53001 PC3.300 Flashlight** \$159.99
- 53114 Extra Charging Base \$59.99
- 53115 Flare Wand & Filter Set \$14.99

- 53100 US AC Adapter \$39.99
